The date of enlistment of our men does not agree exactly with the date of the call made upon us, for after July 1863 we kept up recruiting so that when a call was made upon us for men our quota was more than full, we kept recruiting till April 1865 the time we enlisted the last man, and at the close of the war we had a surplus of about Eighteen years service, or in other words Eighteen our year men ahead of all calls that had been made upon us. } Signed Joseph Neede
